

THE NH TRAINING INSTITUTE ON ADDICTIVE DISORDERS

Presents:

PERSONALITY DISORDERS: BORDERLINE AND ANTISOCIAL

with Joseph Zanella, MA, LADC

1 HOUR WEBINAR TRAINING

PRESENTATION: This one-hour webinar is designed to specifically address how to diagnose and treat two of the most common personality disorders among the co-occurring patient population. The course content is intended to advance the understanding of assessing and treating clients who have personality disorders and personality disordered characteristics that interfere with effective treatment. Information on the biological and environmental influences will be discussed. As a result of this training participants will:

- Learn how to effectively determine differential diagnosis of the personality disorders identified in the DSM-5;
- Gain and understanding of how personality disordered functioning develops as it relates to differentiating which symptoms of normal personality functioning are exacerbated in abnormal psychopathology;
- Discuss diagnostic criteria along a dimensional model of personality functioning;
- Describe techniques how to effectively treat these two personality disordered individuals.

PRESENTER: Joseph has 28 years of experience working with mental health and addiction issues. He specializes in helping people with anxiety issues, recovery from addictions, and eating disorders. He has been the Director of Outpatient Programs in Bridgeport for Southern Connecticut for five years specializing in treating clients with eating disorders. He is on the faculty of the New England Institute of Addiction Studies for 12 years teaching the *Neurobiology of Addictions*, early recovery issues and the history of addiction treatment. With clinical and administrative skills and in his work as a professional educator, he has unique qualifications to assist both clinicians and clients. He is also in a private practice in Fairfield County, CT.

Registration Fee: NHADACA Members: Free, Non-Members \$15.
